

## **PRESS RELEASE**

*For Immediate Release*

*28<sup>th</sup> August 2015*

### **NEW DATES FOR TOTAL MOTORSHOW 2015**

The Total Motorshow slated for September 11-13 this year at Kenyatta International Convention Centre (KICC) has been postponed for one week to 18-20 September as an urgent State-function will be held at the venue on the original dates.

All the other arrangements for the Motorshow remain the same.

This year's event is fully booked and will be the biggest ever, with more than 120 stands taken. Some 400 different new vehicles – ranging from motorcycles to huge trucks, and including the latest cars and SUVs - will be on display.

Other exhibitors include financial institutions, insurance companies, and numerous auto-related services and components such as parts, paints, tyres and trailers.

The Total Motorshow, by far the largest exhibition in the region, is organised through long-term partnership between the Kenya Motor Industry Association (KMI) and Total Kenya.

Attendance of more than 20,000 motorists and their families is expected over the three-day event.

### **Ends**
